

CREATE • LEARN • HAVE FUN

Join us for STEM Activities in North Philly

Pressley STEM is committed to creating opportunities that inspire and empower children (ages 7 through 17) in Philadelphia. Through STEM programs and hands-on activities, the organization offers children and teens positive, educational experiences that help build confidence, creativity in a challenging yet safe and fun environment.

Pressley STEM helps keep youth engaged, focused, and connected to their community through:

National Science Competitions

Students gain hands-on experience competing in real scientific challenges that build teamwork, creativity, and problem-solving.

NASA Exploration Opportunities

Through our partnerships, students engage with space science, engineering missions, and interactive NASA-based learning.

STEM Experiments & Workshops

Fun, safe, and exciting experiments designed to intrigue the inner scientist in every child.

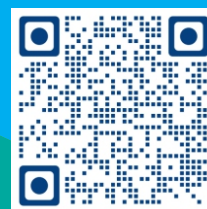

Violence Prevention Through Engagement

We provide a positive outlet where youth can learn, grow, and stay connected to mentors who care.
